PROFILE

Full-stack developer and data analyst skilled in building scalable web applications and data-driven dashboards using React, Node.js, Python, SQL, and Power BI. Passionate about solving real-world problems through clean, efficient, and user-focused solutions.

EDUCATION

2022 – 2026 Chennai, Tamil Nadu	B.E Computer Science And Engineering <i>Sathyabama University</i>
2020 – 2022	Higher Secondary Certificate <i>Silli College, Silli</i>
2020	Matriculation <i>DAV Public School</i>

SKILLS

Technical Skills

- Languages: Python, JavaScript, SQL
- Frameworks & Libraries: React.js, Node.js, Express.js, Pandas
- Databases: MongoDB, PostgreSQL
- Tools & Platforms: Docker, Git, GitLab, Firebase, Vercel, Render, Power BI
- Other: REST APIs, Authentication Systems, Cloud Integration, Socket.io, Data Analysis, Dashboard Development

Soft Skills

- Communication
- Problem-Solving
- Teamwork
- Adaptability
- Time Management

PROJECTS

Student-Led-Initiative

A tech-driven platform (web + mobile) empowering students to fundraise for children suffering from blood cancer. Features include donation tracking, hospital transparency, and real-time dashboards

Sahideploy

Developed a full-stack cloud deployment platform using React, Node.js, and PostgreSQL with secure role-based access. Implemented Docker & PM2-based automation, real-time monitoring, WebSocket/SMTP integration, and Oracle Cloud deployment.

Sales Performance Analytics Dashboard

Git Hub Built an end-to-end analytics project analyzing 9,994 sales records. Used Python (Pandas) for data cleaning, PostgreSQL for 12 business queries, and Power BI for an interactive dashboard with KPI cards, regional trends, and category analysis.

ACHIEVEMENTS

Techxcelerate National Hackathon BITS Pilani, Hyderabad

Top 50 Finalist - Qualified through 3 rounds among 2,000+ participants nationwide

CERTIFICATES

Project Manager Job Simulation (Forage) - January 2026

Completed practical tasks in KPI development and project dashboard management

Data Analytics Job Simulation (Deloitte – Forage) — January 2026

Completed practical tasks in data analysis and forensic technology.
